

As You Think Best Suits Me

We know of nothing better to suit the average purchaser than the hat pictured here at the price of \$3.00 in Sennett and split straw. As nature dictates these fashionable winds they may not hold on as you would care to have them but they are handsome nevertheless with serge suits and tan oxfords to accompany. However, if you dislike, we know we have for your liking several styles of Panama, the worth of \$7.50 of any man's money. A special offering is being made to one and all alike.

OVERLAND TOURIST SAYS DENVER ROUTE IS GREAT

Prof. J. M. Peacock, head of the Peacock Military Institute at San Antonio, passed through Amarillo yesterday afternoon en route to Colorado points, overland. Accompanying him were several students of the institution whose homes are in Colorado.

Prof. Peacock met the Amarillo delegation, Chilless-bound, at Clearendon and gave them valuable information relative to the lower part of the proposed Colorado-to-the-Gulf auto highway.

"The roadways in this section are the best which I have encountered on the trip," said Prof. Peacock. "Efforts were made at Wichita Falls to divert me through Kansas to Colorado, but I was anxious to pass through Amarillo and determined to risk the alleged bad stretches of road before me. This information, I discovered with later delight, was erroneous. Aside from a sandy stretch near Wichita Falls and a bad crossing on Red River due to recent rains, the road was excellent and we hewed into Amarillo at a brisk clip."

The proposed auto road should be a certainty by all means. No section which I have ever traversed, auto-wise, can surpass this for splendid stretches of natural and hard-packed highways, and this rare comes in its sufficient compensation for a thousand-mile trip.

Amarillo measures fully up to her reputation as the metropolis of the Panhandle, and surrounded as she is by a wonderful and developing country, should within the next decade become a city of considerable proportions. I have a number of former students here, and met scores of them on my way up from Wichita Falls."

Prof. Peacock resumed his journey about six o'clock, in order to reach the Canadian for camp factors nightfall. He announced his intention of returning by this route, and will stop over in Amarillo for a stay of several days.

Hymeneal

Ziegler-Sandy.

Carl F. Zeigler and Miss Clarence Sandy, both connected with the Street Carnival Company, which is now showing in Amarillo, were united in marriage late Tuesday afternoon. Judge David F. Davies officiated. The marriage took place in the court-house.

G. G. Anding, manager of the Grand Theatre, and lesser of the New Virginia, which is rapidly near completion, appeared before the council on request, to give further information relative to the installation of two additional electric signs, to be suspended across front of the principal street. This question has been held in abeyance since Mr. Anding made request of the council for this privilege some weeks ago. Fours were expressed yesterday that the rule necessary to suspend the signs of the houses would be more and weighty. Mr. Anding told his plans fully to the council and the matter was taken under advisement until the next meeting, when a decision will be reached.

START SHEEP SHEARING AT BEEFORD

Special to the News
BEEFORD, Texas, May 21.—Frank Lambert, with his sheep shearing outfit and crew of twelve men, started to the country west of town this morning. Mr. Lambert has a complete outfit of fourteen shears all operated by machinery run by a gasoline engine, and up to this time, has almost fifty thousand head sheared. Each man will clip on an average of about ten head per day, so the number sheared each day will be around five hundred.

What Cures Eczema?

We have had many inquiries lately regarding Eczema and we are glad to inform you we have made some progress. After careful investigation we have found that a simple wash of oil of Wintergreen, as recommended in Dr. D.D. Padden's book on Cilled Medicines. We would like to think our neighbors believe we were sincere and although there are many so-called Remedy remedies sold we ourselves unhesitatingly recommend Dr. D.D. Padden's book.

HUTCHINSON'S REMAINS TO SAN ANGELO TODAY

The remains of E. M. Hutchinson, who died at an early hour Monday night as a result of injuries received while repairing the merry-go-round at Glenwood Park, will be shipped this afternoon to Chillicothe and from that point to San Angelo where interment will be made.

The remains will be accompanied by relatives from this section.

The "Wooden" Nutmeg

is a time honored joke, yet the way the nutmeg is ordinarily handled it might just as well be wooden.

The nutmeg gets its flavor entirely from its oil. Some have more, some have less of this oil to start with. Then by careless handling and poor grinding method often much of this oil is lost, the ground nutmeg in such cases might almost as well be made of a wooden nutmeg. Yet it is pure and complies with the law.

White Swan Nutmeg is made only of nutmegs that are richest in oil (flavor). They're packed for shipping to the mill in a way to preserve this oil. They're ground by a process which saves all this oil, and the ground nutmeg is put into air tight tins which keeps the flavoring strength. Absolutely pure, and more than that—better than the law requires. Ask your grocer.

AMARILLO PARTY OFF TO AUTO HIGHWAY MEET

An Amarillo delegation, consisting of Secretary Seth B. Holman of the Chamber of Commerce, J. E. Bryant, Walter Crosscut, Dr. C. A. Hazzard and others, left yesterday morning on an overland trip to Childress, where a meeting will be held today in the interest of the proposed Colorado-to-the-Gulf auto highway along the Denver line.

The party made a log of the road en route and will reach Childress with valuable and practical information. Most of the towns on the proposed route from this point to Wichita Falls will have representation at today's meeting, and tangible results in the shape of concerted and active working plans are expected.

The Amarillo party will return home tonight, according to the plan agreed upon before departure yesterday morning.

Amusements

AT THE GRAND

There will be a complete change of program at the Grand tonight.

The Anna Hale Co. will present the rollicking comedy—The Tomboy Girl—and a laugh is promised for every minute from start to finish.

There are some genuinely clever artists in this company, fun-makers of extraordinary merit.

And best of all is clean wholesome fun, the kind you can enjoy with your family.

Manager Woods is putting forth commendable efforts to please his patrons, and at heavy expense has succeeded admirably in his selection.

The Tomboy Girl promises to be one of his best attractions.

The W. D. W. Carnival it receives liberal patronage, and heartily deserves it.

Many of the attractions are of a first order and well worth seeing.

The animals naturally offer the greatest attraction to the children it is to everybody for the collection of lions, tigers, leopards, bears and other large animals is unusually good.

The lion show is the best tract of the entire carnival. Captain Scott is an animal trainer of wide experience and national reputation having been associated for many years with Carl Hagenbeck, the celebrated German collector and trainer of animals—a world wide celebrity.

There are two baby lions, only two weeks old, in this collection, and no child in the city should be deprived of the pleasure of seeing these young beasts.

The remaining will be accompanied by relatives from this section.
